## Certificate of Recycling

To: **Acumen Visual Group**

This **Certificate of Recycling** confirms that 100% of the plastics collected from Acumen Visual Group for the year of 2012 will be recycled in accordance with all the applicable Federal and Provincial regulations. All of the plastics are reprocessed into new products. There were no waste streams, thus eliminating all possible liabilities. We process all scrap plastics into a recyclable commodity by means of shredding/baling and/or grinding before the product leaves our Ajax facility. All packaging materials used to ship the plastics scrap are also recyclable.

If you have any question or concerns regarding the handling of your recycled plastics, feel free to call or visit our plant.

**Total pounds recycled in 2012 : 1,022 LB**
